Our videos are delivered as compressed high-definition video files, similar in quality to the videos you see on our website. We keep your final uncompressed footage for at least 3 months after electronic delivery. You need to download your video to your own device during that time. You are free to copy the files as many times as you like to give to family and friends. For an additional \$50 we keep your final videos for 10 years just in case you lose your files.
